New! *Wildflowers of Nevada and Placer Counties, California 2nd Ed. (2017)*

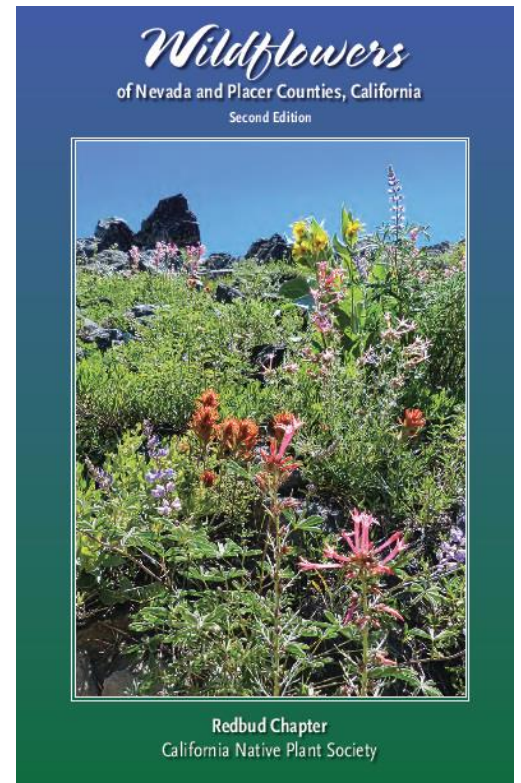

\$29.95 (Price discount for Members if purchased from Redbud)

“In this labor of love, experts give us a personal guide to fantastic flowers and spectacular botanical destinations. Whether you read it in a comfortable chair or perched in a foothill meadow, you will find this book more than a guide to the flowers. It is a treasure map that leads you to a wild California that heals, refreshes and inspires.”
Dan Gluesenkamp, Executive Director, California Native Plant Society

“Prepare to wallow in the wildflower splendor of the northern Sierra with this must-have masterpiece. The Sierra’s spring and summer denizens await you. Grab this inviting and user-friendly compendium and fill your hearts and souls with nature’s beauties. John Muir would have loved to have this book in his rucksack.” *Joe Medeiros, Professor Emeritus in Botany, Editor-in-Chief, Sierra College Press*

Trees and Shrubs of Nevada and Placer Counties, California (2014)

\$34.95 (Price discount for Members if purchased from Redbud)

“Featuring hundreds of full color photos, the new book not only serves as a guide to wild trees and shrubs but also an inspiration to gardeners who want to incorporate more native plants into their suburban landscapes.” *Debbie Arrington, Home and Garden - Sacramento Bee*

“How fortunate we are in this community to have enthusiastic people who write, photograph, and work together for many months to express their passion for and knowledge of our native flora.” *Carolyn Singer, Author - Deer in My Garden and The Seasoned Gardener*

Together, these two books provide a comprehensive and beautifully illustrated guide to the native flora of Nevada and Placer Counties, which are home to almost 40% of all plant species native to California.
